19 January 2018

Dear Parent/Guardian,

2018 Holistic Assessment Plan for Primary 2

1. In line with the Primary Education Review & Implementation (PERI) recommendations, various modes of bite-sized assessments will be conducted throughout the four terms. This form of continuous assessment is to provide regular feedback to support our students' holistic learning and development. In Term 4, there will be an End-of-Year Examination (EOY Exam) to consolidate their learning for the year. We have enclosed in Annex A, a summary of the weighted assessments for the academic subjects as well as the details for the various topics to be tested.
2. You will continue to receive holistic reports on your child's/ward's progress in Character Development, Art, Music, Physical Education, and Programme for Active Learning (PAL). In addition, you will receive the consolidated results at the end of the year in the Report Book. To better assist your child/ward in his/her character development, you may refer to the student handbook for the behavioural indicators that the teachers would be observing in school. With your assistance at home, we would be able to guide and instill the right habits and values in your child/ward.
3. For the other academic subjects, you would be able to monitor the progress of your child's/ward's academic progress through the respective subject files. These files would contain his/her classwork, performance tasks (e.g. Show and Tell) and the regular formative/summative assessments.
4. Students will be informed by their subject teachers of the test dates and these will be recorded in the student's handbook at least one week before the test. This arrangement aims to increase students' ownership of learning as it should be a consistent effort throughout the year.
5. If your child/ward is unwell and unable to come to school on the day of the test, your child/ward should rest at home. A medical certificate is necessary and the test marks will be pro-rated for your child/ward.
6. For any further clarification, please contact the subject teacher of your child/ward.
7. We trust that the information on assessment and reporting will be useful for you in supporting your child/ward in their holistic learning and development. We will continue to work together in close partnership for the holistic well-being and excellence of your child/ward.
8. Thank you.

Best regards,

Mrs Jenny Leong
Principal
