9 January 2018

Dear Parents/Guardian,

Subscription to 《好朋友》 and 《小拇指》

1 To instill the love for reading, the school strongly encourages all Primary 2 students to subscribe to 《好朋友》, a bi-weekly reading material. The subscription to 《好朋友》 is **\$24** consisting of 20 printed issues and access to Ezhishi Online Portal for one year.

2 In addition, a bi-weekly newspaper 《小拇指》 is published by SPH for lower primary students. The subscription to 《小拇指》 is **\$26** consisting of 20 printed issues and access to new portal ZBSchools.sg for one year.

3 If you wish to subscribe to either or both of the above, please submit the **exact amount** (either by cash or cheque) * in the respective subscription envelopes provided. Your child/ward is to submit the sealed envelopes to his/her Chinese Language teacher by Tuesday, 16 January 2018.

Please note that the two reading materials mentioned above are published by two different publishers. Payments are to be made separately.

Thank you.

《小拇指》
读报从小开始

Thumbs Up Junior (TUPJ)

A bi-weekly Chinese paper launched in 2011, targeted at Primary 1 to 3 students. Through our unique "Read-Learn-Play" content model, the paper aims to help students improve their Chinese language abilities, especially their oral, spoken and comprehension skills.

Content include original stories, conversation practices, local and international news bites, interesting trivia, well written student compositions and language activities designed by MOE teachers, etc.

Thumbs Up Junior will also be available in digital format on the new portal ZBSchools.sg. This portal will be able to assess students' reading proficiency and will auto-recommend articles based on their abilities. Teachers can also make use of this multi-media platform to better gauge students' reading abilities and set relevant assignments.

《小拇指》

《小拇指》于2011年推出，是一份适合小一至小三学生阅读的儿童双周刊。让生活学活用的刊物，通过“读写学玩”的形式，加强他们听读新闻的能力，还提供与生活密切相关的口语、阅读和练习语料，让学生觉得华文是“活”的。内容包括原创故事、会话练习、国内外新闻、本地景物介绍、送礼活动、学生投稿、教师设计的语文活动等。

《小拇指》也会登陆新的电子学习平台 ZBSchools.sg，延伸学生的学习体验。这个自适应系统可评估个别学生的能力，再推荐适合的内容。教师也能通过此平台，掌握学生的学习进度和布置作业。
